

School Leadership Development Program

ABOUT THE ROG-SLDP

For 4 years the River of God (RoG) church has had the privilege of successfully hosting an Annual Prefects' Summit, bringing together high school prefects from schools across the country. From humble beginnings in 2022 the summit has experienced great growth year on year. Through these summits, students have benefited from peer interaction, mentorship and inspirational engagements with market leaders from various professional fields.

Building on the strong foundation and positive impact of this annual summit, we are pleased to share that The River of God church is now taking the next step in its commitment to youth leadership formation. We are introducing the Student Leadership Development Program (SLDP), a structured, weekly training program designed specifically for high school prefects and other student leaders.

The SLDP is designed to go beyond a one-day experience. It seeks to intentionally nurture values-based, principled leadership in high school students, equipping them with character, discipline, self-awareness and a strong sense of responsibility to their schools, communities and the nation. While the program is faith-based in its grounding, it is broadly values-driven and suitable for students from all school backgrounds and faiths, focusing on integrity, service, accountability, resilience and ethical leadership.

The one-year program runs on a weekly basis and is structured to complement the school calendar. It targets students already entrusted with leadership responsibilities, offering them guided mentorship, practical leadership skills and a supportive environment in which they can grow both personally and socially. Our goal is to partner with schools to strengthen student leadership from within, laying a firm foundation for future national leaders.

The program begins as soon as the schools grant approval, with scheduling done in consultation to ensure alignment with the school's needs.

For further engagement or to express interest, please feel free to contact:

Mathias Mbogori

SLDP Co-ordinator

We are grateful for the opportunity to partner with schools in shaping young leaders of character and purpose. We look forward to the possibility of working together to invest in the leadership capacity of students.
